

FY20 PROPOSED BUDGET

School Board Work Session

April 3, 2019 3:00 p.m.

SIOUX FALLS SCHOOL BOARD April 3, 2019 2:45 p.m.

Kent Alberty President

Dr. Brian L. Maher Superintendent

AGENDA

- 1. Call to Order
- 2. Executive Session SDCL 1-25-2 (2) (Superintendent's Conference Room)
- 3. Work Session- FY20 Proposed Budget
 - A. Overview of Process
 - B. Five-Year Financial Plan
 - C. PK-12 Budget and Other Funds of the District
 - · Public Input on FY20 Proposed Budget
- 4. Impact of 2019 Legislation
 - · Public Input on Impact of 2019 Legislation
- 5. School Board Committee Reports
- 6. Adjournment

GENERAL FUND 5-YEAR PLAN OVERVIEW

WHAT

	FY20
Revenue	163.5 (millions)
Opt Out	9.1
Transfer from Capital Outlay	3.0
Total	175.6
Expense Target	176.3
Fund Balance Change	-0.7
Fund Balance	11.0
Expenses as Submitted	177.8
Expenses Over/(Under) Target	1.5
WHY	
	FY20
State Aid Increase	1.80%
Salary Increase	2.75%
- Shortfall	917,000
Benefit Increases	
- SS & Retirement	2.75%
- Health & Dental	4.60%
- Shortfall	518,880
Salary & Benefit Shortfall	1,435,880

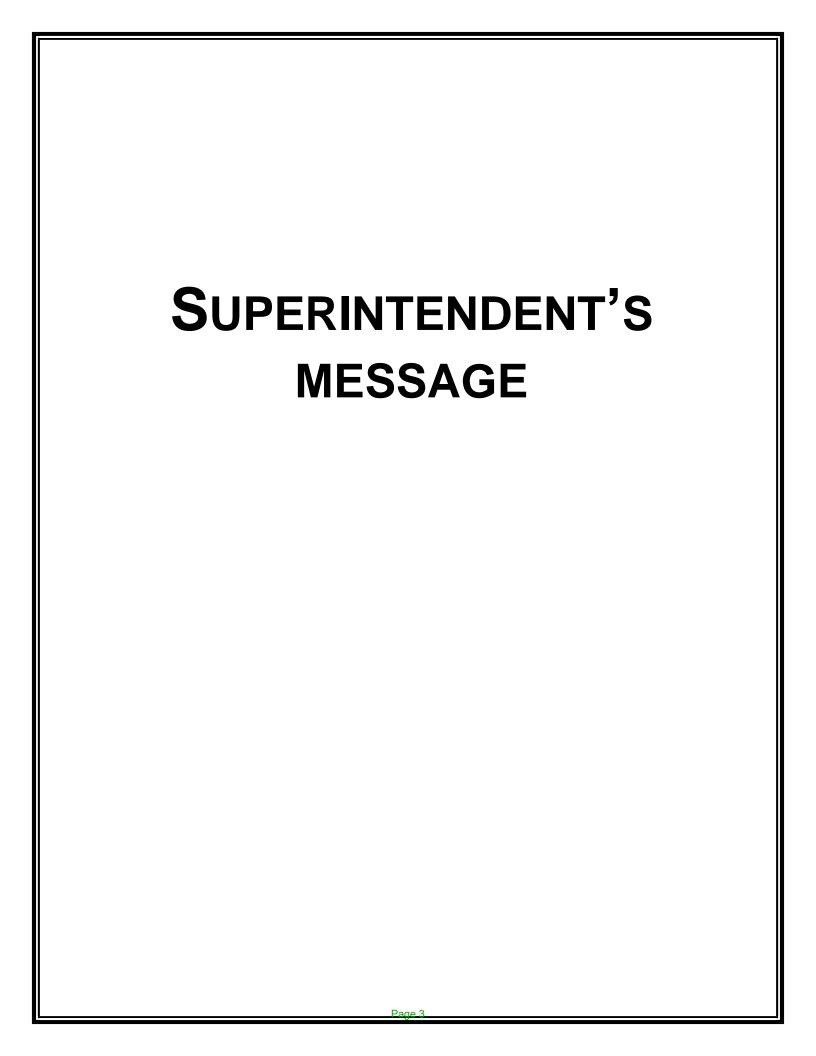

SPECIAL EDUCATION PLAN OVERVIEW

WHAT

	FY20
Revenue	45.4 (millions)
Expense Target	46.0
Fund Balance Change Fund Balance	-0.6 1.0
Expenses as Submitted	47.8
Expenses Over/(Under) Target	1.8
WHY	
	FY20
State Aid Increase	1.80% *
Salary Increase	2.75% **
- Shortfall	260,000
Benefit Increases	
- SS & Retirement	2.75%
- Health & Dental	4.60%
- Shortfall	162,840
Salary & Benefit Shortfall	422,840

^{*} Sped did not receive FY19 1-time \$ at a cost of \$250K.

^{**} EA salaries have increased over \$1 million (21%) since FY18.

FY20 Budget

Superintendent's Message:

If the FY20 budgeting process was summarized in one word, that word would have to be "efficiencies." While South Dakota Governor Kristi Noem's version of education funding headlined a 2.5% increase for education funding, taking into account the .7% of one-time money that was received last year, the actual year-over-year increase was 1.8%. In the end, that did little to fill the gaps that are the result of years of inadequate funding.

In prior budgets, the Sioux Falls School District was able to dip into its fund balance and shift some allowable costs to the other funds to make ends meet. After FY20, that will no longer an option as the fund balance will dip well below the level recommended by the District's Finance Action Network – a committee of local financial leaders who has studied the District's budget for several years.

Not being able to "bank" on a fund balance in the future required District committees to make some tough choices for the FY20 and thoroughly assess programs and practices to determine their fit in the upcoming budget. Making the task more difficult is that inflation notches higher and the academic, social, and emotional needs of today's students grow more complex.

Proposed FY20 General Fund Budget

Even knowing the belt would have to be cinched a little tighter, initial recommendations from committees came in at \$1.5 Million more than the \$175.6 Million

that District had to spend. The Budget Committee wrestled with options and, in the end, came up with reductions in areas that can be broadly categorized as vendor contracts, FTE allocation adjustments, and 1% reductions in many cost centers.

Detail regarding FTE allocation adjustments includes the reduction of education assistants in middle school CTE classes due to a more simplified curriculum, eliminating the small stipend paid to one person in each building to act as a Tech Integrationist as technology becomes second-nature, and removing RISE special education students from a building's total student count because FTE is already assigned through the special education fund.

Program Changes

On the federal side, the District made the choice to reduce the number of three-year-old children being served in District Pre-K programs. The District through all of its Pre-K offerings will still serve more than 1,000 children. The District will also increase the support for struggling readers in elementary school by using SIPPS - Systematic Instruction in Phonological Awareness, Phonics, and Sight Words. This reading fluency and comprehension program has yielded positive results in the handful of District schools where it has been piloted.

The Special Education budget was reduced to support the on-going increase in Educational Assistant (EA) compensation and increasing cost of District outplacements. The heaviest reductions were made in Coordinated Early Intervening Services (CEIS).

Our Greatest Cost is Our Greatest Asset

Recognizing that teachers and support staff are the District's most valued resource in providing a high-quality education to nearly 25,000 students, the District remains committed to pushing salaries and benefits forward at a rate that outpaces the funding received from the State of South Dakota. Despite the 1.8% increase, the board has elected to increase salaries for all employee groups by 2.75% as a means of staying relevant in a very competitive Sioux Falls-area labor market.

In addition, the District is maintaining its robust benefits package and absorbing the majority of medical insurance inflation which is projected at 4.6% versus the 1.8% received in state aid increases. Across the general and special education fund, this equates to \$2 Million more for staff than will be received in state aid for FY20.

Additionally, the 21% increase given to the Educational Assistants in FY19, which are an integral part of the education team, must now fully be absorbed into the FY20 budget. In FY19 this was able to be offset by lowering the Special Education Fund Balance. The increase is over \$1 Million to the District.

Despite ongoing funding challenges, the Sioux Falls School District remains committed to the four priorities in its Strategic Plan: Student Outcomes, District Staff, School Climate and Culture and Community Engagement. The goals of this Strategic Plan must remain a focus at all costs because they keep staff and students moving forward in an ongoing quest to be better than they were the day before. While working under financial constraints, the District ensures its patrons that course content is more relevant, academic expectations are higher, and there are more pathways than ever to give students choice in their pursuit of a high school diploma.

Items that will be newly funded in the FY20 Budget include:

- Implementing a Junior Kindergarten program pilot at two Harvey Dunn and Susan B. Anthony Elementary Schools.
- Implementing Dual Immersion at Hayward and Rosa Parks Elementary
 Schools to support native Spanish speakers while also giving a
 language immersion opportunity to native English speakers.
- As previously mentioned, expanding the SIPP reading intervention to support more struggling readers in the elementary grades.

<u>Financial Investment</u>

What does this mean for the Sioux Falls property owner? The School Board remains committed to its long-standing practice of being fiscally responsible. The school levy is projected to increase by 13 cents in 2020. This is right in line with what was explained to the voters in the discussion of the \$190 Million bond elections last September. The average school property tax increase over the last 20 years for a typical house in the Sioux Falls School District is approximately 1.5% per year.

In order for the District to maintain this sleek, no-frills budget, it must, however, continue to access \$9.1 Million of opt-out funding, well below the current approved maximum of \$12.5 Million. \$7.5 million of opt out capacity is due to expire at the end of 2021 and planning must begin now for its replacement to maintain the current level of education being delivered. Responsible planning and efficient spending allow the District to stretch each dollar so that a balanced, yet innovative budget can be achieved.

Other Notes of Interest

Families will note a \$.10 increase to the cost of meals in FY20. This increase is mandated by the federal government for schools that wish to receive funds for reimbursement. Despite a successful relationship established with The Barrel House, which provided nearly \$90,000 to cover unpaid meal account balances in 2017 and \$83,000 in 2018, the demands on those donations continue to increase.

Another item important to the successfully balanced budget, is the District's decision to spend into the fund balance by \$764,000– which was lower than projected last year, but only thanks to a \$3 Million transfer from the Capital Outlay Fund to the General Fund. This leaves the fund balance at a projected 5.5% in FY20 but allows it to rebound to an acceptable level of 7% in FY24.

In Summary

The FY20 Budget Recommendation is complex, with a careful "give and take" approach agreed upon by the nineteen committees which consist of community members, professional staff, school leaders, and District administrators who commit to delivering the highest quality educational programming with the dollars available.

The FY20 Budget takes a renewed and careful aim at all spending to maximize the possibility of efficiencies. It protects curriculum needs to keep District programs rigorous and relevant, incorporates the goals of the District's Strategic Plan, relies on community partnerships and provides a livable wage for employees of the Sioux Falls School District.

The FY20 Budget considers the needs of each of the nearly 25,000 students the District has the privilege of educating; each who deserves our support as they prepare for a future in this ever-changing world.

FY20 School District Budget DRAFT EXECUTIVE SUMMARY

Purpose: To hold a public hearing and receive tentative approval of the FY20 Budget.

The School Board began its budget process in November 2018 at which time the Board adopted guidelines and a timeline for the budget process. Between December and February, nineteen sub-committees comprised of administration, professional and classified staff, and community people, developed program budgets which were then presented to the Budget Review Committee. The Budget Review Committee included two Board members and representation from the sub-committees. The Budget Review Committee met in March to review the committee recommendations. A Board work session was held April 3, 2019.

	FY19	FY20	Change
Revenue	\$171.7M	\$175.4M	\$ 3.7M
Expense	\$172.6M	\$176.2M	\$ 3.5M
	(\$0.9M)	(\$0.8M)	

The budget presented to the Board is being heavily influenced by a third straight year of minimal State Aid increases since the half-cent increase in the sales tax to increase teacher salaries in FY17. In FY18 the State Aid increase was 0.3 percent, last year the increase was 1.7 percent (including the 0.7 percent 1-time money) and for FY20 it is 1.8 percent (2.5 percent in the formula minus the 0.7 percent one-time money). In 2017, the School Board made a commitment to increase teacher (and other staff) salaries at a level consistent with the rest of society while not decimating the rest of the budget.

Because over 80 percent of school district general fund expenditure budgets are salaries and benefits and over 80 percent of their discretionary revenues are derived from the State Aid formula, as a general rule over time teacher salaries can only increase at the same rate as the formula increase. The only effective way to increase salaries greater than the formula increases over time is to enhance revenue via an opt out.

The FY20 five-year plan spends into the fund balance by \$764,000 in FY20. This figure is lower than projected last year but that is being driven by a \$3 million transfer to the General Fund from the Capital Outlay Fund. This transfer is not projected to be utilized beyond FY20 as those funds will be needed for future capital projects, but it will maintain the general fund balance at an acceptable level until it can recover in FY21 and FY22. The lowest projected fund balance over the five-year period is five percent with a projected 7.0 percent fund balance in FY24. Last year the five-year budget planned projected a low of 5.5 percent.

General Fund Budget Highlights

Revenue

- \$600,000 new state aid formula funds (both state aid and property taxes) due to increased enrollment and increased ELL enrollment.
- \$3.4 million in additional state aid formula funds due to a 2.5% increase in the ongoing per student allocation.
- \$1 million in increased State Aid due to the reallocation of other fund revenues (e.g. Bank Franchise Tax).
- \$200,000 additional School and Public Lands funds.
- \$600.000 in additional interest.
- \$600,000 increase in additional federal funds.
- Transfer of \$3 million from the Capital Outlay Fund to the General Fund (\$2.75 million less than last year.

Expenditures

- \$2.7 million-Increase in salaries including a 2.75% increase for teachers.
- \$260,000 in K-12 teacher salaries for additional students.
- \$1.2 million-Increase in health insurance (4.6%) and other benefit increases.
- o \$670,000 transfer of expenses from Sped to General Fund.
- \$230,000 in miscellaneous increases.
- Several General Fund reductions to stay within the confines of the 5-Year Plan as follows:

\$250,000 reduction due to vendor contract negotiations;

\$185,000 in a teacher FTE allocation adjustment;

\$30,000 stipend for Tech Integration Specialists;

\$39,000 for AP Coordinator planning periods (2 to 1);

\$109,000 middle school Tech Ed EAs;

\$840,000 for RISE general Ed double count; and

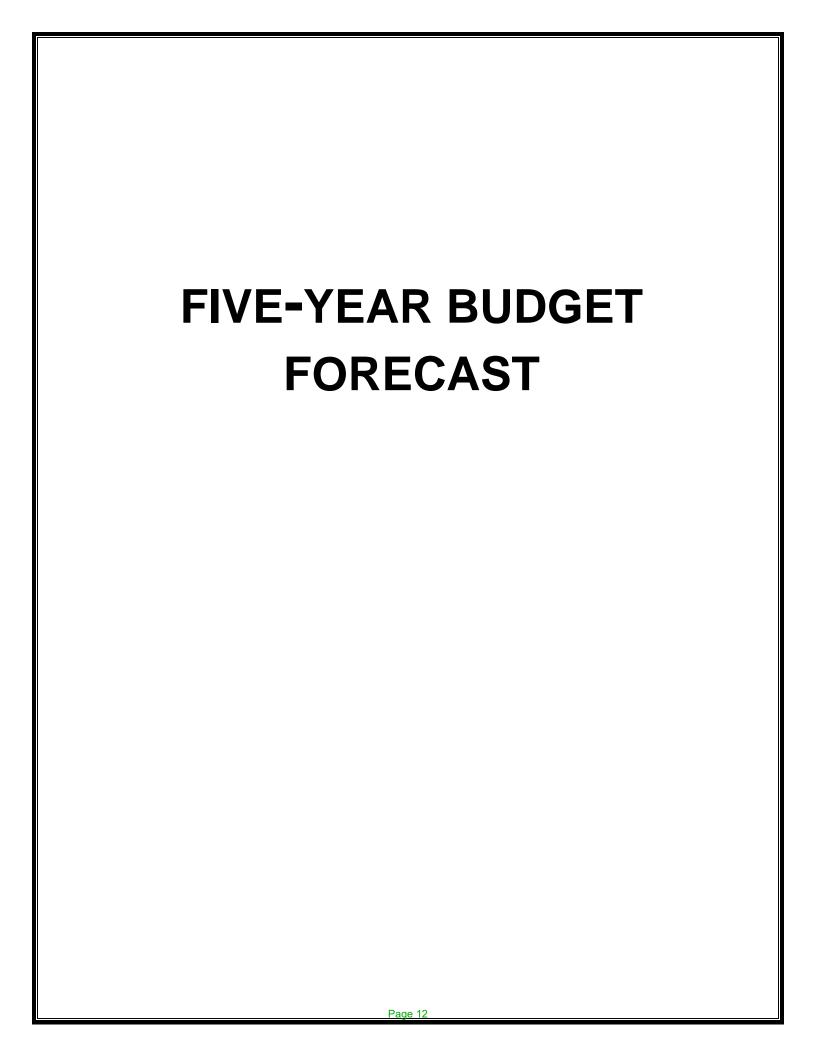

\$110,000 in miscellaneous 1% reductions from several cost centers.

In addition to the cuts in the general fund, the special education fund proposed budget cut \$1 million, from early intervening services, \$550,000 by counting Tier II Special Education teachers in the FTE allocation, and \$200,000 in other miscellaneous cuts.

The school levy is projected to increase by 13 cents in 2020. This is right in line with what was explained to the voters in the discussion of the \$190 million bond elections last September. The average school property tax increase over the last 20 years for a typical house in the Sioux Falls School District is approximately 1.5% per year.

Administrative Recommendation to School Board:

Acknowledge the public hearing and tentatively approve the FY20 School District budget to allow Human Resources to offer employee contracts, with the understanding that the budget will be brought forward for adoption and certification of levies at the annual meeting held July 8, 2019.
